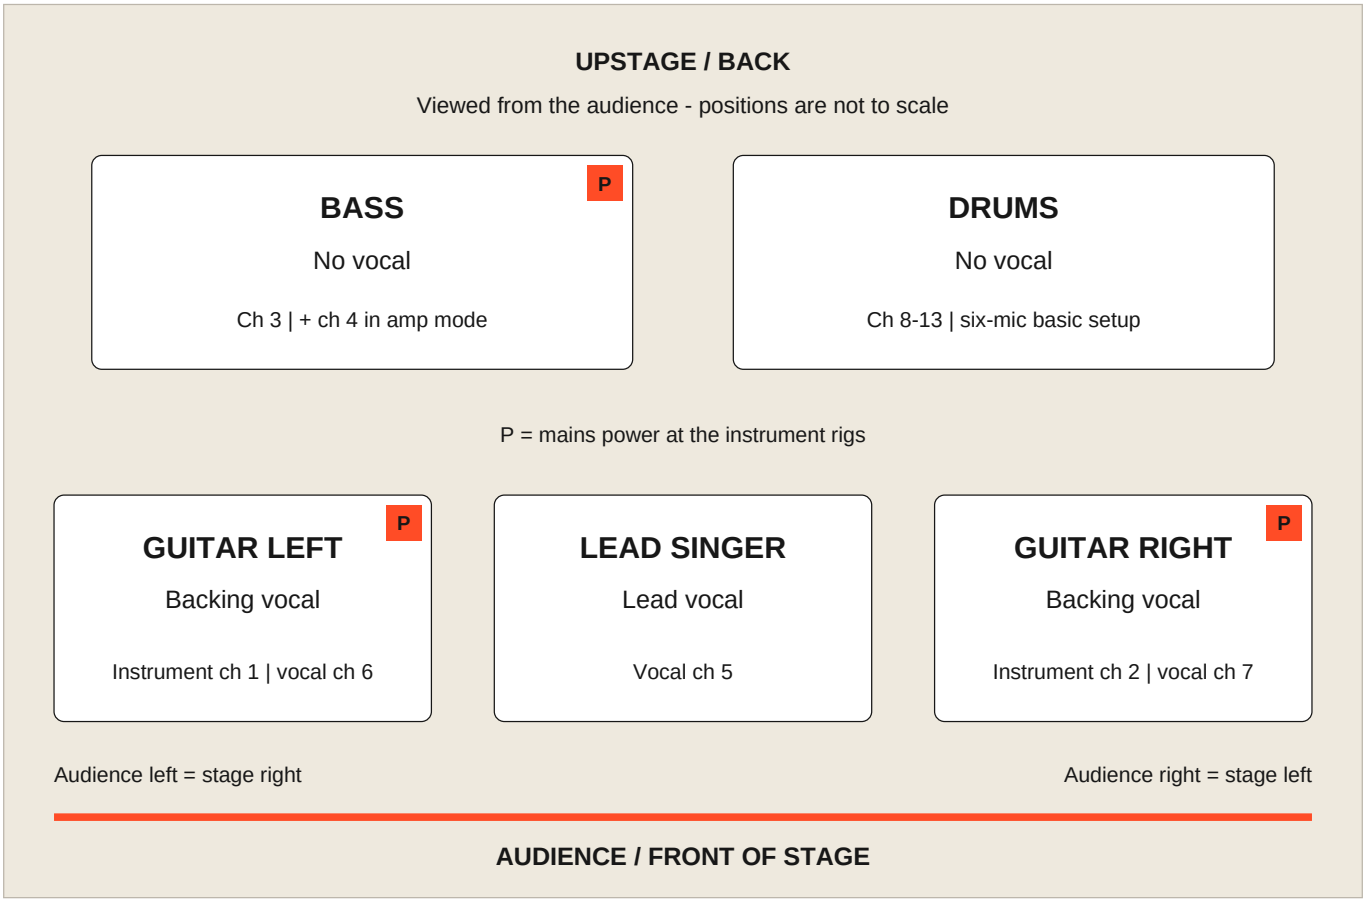
COOCHILLA

STAGE PLOT | European Summer Tour - June 2027



Front: guitar left + backing vocal; lead singer center; guitar right + backing vocal.

Back: bass on audience-left; drums on audience-right. Neither bass nor drums has a vocal mic.

P = power: mains power at both guitar rigs and the bass rig. Monitoring positions and mix allocation are agreed with the venue.

IR mode: one mono DI / IR channel per instrument: guitar left, guitar right and bass. Three instrument channels total; no cabinet mics.

Amp mode: one mic per guitar cabinet and one mic on the bass cabinet, plus a separate bass IR feed. Four instrument channels total. Suitable cabinets and amplification are agreed in advance.

Basic drums: kick, snare top, rack tom, floor tom and stereo overheads (six microphones). See the technical rider for the full patch.
